

WHO WAS FIRST LOCAL BOY KILLED IN WAR

Madison Post of American Legion Will Be Named In His Honor

Who was the first Madison county boy killed in France while serving with the American army? The Madison county post of the American Legion is to be named in his honor, as soon as the members ascertain definitely who he was. Some think that he was Jesse Dykes, Jr., son of City Collector and Mrs. Jesse Dykes, but this is not known for sure, and to make certain, the officers have written to the War Department at Washington for definite information.

This was decided upon at a meeting of the Legion Monday night at the court house. There was a large attendance. From the enthusiasm which is being manifested by Madison's veterans of the world war, this organization bids fair to play quite a part in fraternal circles here. Post Commander Lieut. Harry D. Rice was named as delegate from the local post to the state convention which will be held in Louisville, October 3 and 4, Capt. D. W. Kennedy was named as alternate delegate.

An executive committee was appointed composed of William Wallace, F. C. Gentry, Charles V. George, Eugene Moynahan and Tom McCown. This committee will draw up the by-laws, etc.

Greenleaf, to make an investigation into phone rates and costs of maintenance and operation. The company requested the council to send a committee to go thoroughly into its costs, rates, etc., at the last meeting of the City Council when the matter of the request for continuance of the government rates after December 1st. was under consideration. The company felt that its contention that it will lose money to be forced to operate at pre-war rates, will be sustained, if the committee from the council looks over the its books thoroughly.

DR. VIOLETTE TELLS OF "UNPARDONABLE SIN"

Dr. E. E. Violette's sermon last night, of the Christian church, was a tremendous appeal to the minds of men. The much discussed, "Unpardonable Sin" was his topic. Dr. Violette's thorough knowledge of the scripture enables him to make clear many doubtful questions. His definition of the "Unpardonable Sin" was plain and concise, showing that it is not some one special sin, but the constant unwillingness in a man's mind and heart to obey the will of God. Man's own will power is greater than any power in heaven above or earth below. God's love and mercy and pardon cannot save a man, unless man, himself, wills it so. Miss Metcalf's solo greatly pleased the large audience. Dr. Violette is a powerful leader of song and the hearty singing of the congregation adds much to the meeting.

A well filled house on Monday evening proved the interest in the service, and the worthiness of Dr. Violette's sermons. The Bible reading for tonight is Ecclesiastes, 11-12.

SEWER EXCAVATING BEGINS TUESDAY

Actual Work On City's New Street Improvements Starts On Main and Estill

Actual work on Richmond's new sewers and street work began Tuesday morning. The John B. McLane Company, of Newport, which secured the sewers contract, starts a force of men to excavating for the sewer work on Main street near Collins, and on Estill avenue.

It is hoped to get the sewerage work in as quickly as possible, so that work on the streets may not be delayed any longer than possible. It will undoubtedly be some time during next spring before tangible results begin to appear, but from now on work will be pushed.

Meanwhile the White Way matter must be settled. A White Way goes hand in hand with street paving, and with removal of the unsightly poles from the Main streets, visitors are not going to recognize the old town within a year or so, it will have improved so greatly in appearance.

LOCAL PEOPLE WILL LUNCH WITH DR. MOTT

John R. Mott, the General Secretary of the International Committee of the Y. M. C. A. will visit Kentucky on October 2nd being the guest at a State-wide Conference luncheon given in his honor by the Kentucky State Y. M. C. A. at the Seelbach Hotel. A number of citizens from Richmond interested in the future methods of work among welfare organizations and movements related to the church have received invitations to attend and some of them are planning to attend.

Dr. Mott is one of the outstanding laymen of the Christian world. During his first administration President Wilson offered him the Ambassadorship to China, which was declined on the ground that he had, the welfare of the young men of the world too much at heart and for that reason could not accept the tempting offer.

Dr. Mott now serves at the official head of the World Students. When the Government turned to some one man best fitted to head up in one person all the interests of the United War Work, John R. Mott was the logical selection, and thru his leadership the vast fund for all war work purposes, the largest ever contributed, was raised and an extra amount added for good measure.

It has been twenty years since Dr. Mott visited Kentucky, and just now, with the world so upset and full of questions as to program and methods for the future, to say the least, his visit offers a most timely opportunity to the thinking men of the State.

REGISTER WILL GET GAMES BY PLAYS

Dozens of Madison Fans Will Go To Cincinnati To See World's Series This Week.

Interest all over the country is centered upon Cincinnati Wednesday and Thursday where the first two games of the world's base ball championship will be played.

Richmond and Madison county will send up quite a delegation. The question that seems to be animating most of them who have secured tickets is where they will stay for reports from Cincinnati are that all hotels are crowded and rooms are almost unobtainable anywhere. It is estimated that about 50 fans will be in Cincinnati from Richmond for the first game of the series which will start at 2 o'clock Wednesday afternoon.

Those fans who have to stay at home, however, will have the opportunity of watching the game, inning by inning, from the Associated Press bulletins which the Daily Register will receive. These bulletins will describe each play, and are expected to begin about 1:30 o'clock when the batteries are announced and other preliminaries arranged before play formally begins at 2 o'clock. The whole game in detail will appear in the Daily Register as soon as the last inning is concluded.

Although local fans are loyal adherents of the Cincinnati Reds, many seem inclined to think that the Chicago White Sox will win the series. However, there is a wide difference of opinion and it is the uncertainty of baseball that makes it so attractive.

A Pretty Fair Show

The "Trail of the Lonesome Pine" was presented at the opera house Monday night to a good-sized audience. The popularity of the famous John Fox, Jr., novel lent interest to the play, which was well handled. Coburn Makes Hit At Winchester

Coburn's Minstrels, who are at the Opera house here tonight, made quite a hit at Winchester the other night. The Democrat says: The Coburn Greater Minstrels have come and gone and have a decidedly favorable impression with all who witnessed the performance. To be sure Charley Gano is the big noise with the show, but he is ably supported at every turn and there are other mirth provokers in the company that are worthy in every way to travel with him. Gano stars in most every department of the show, being the premier end man in the opening season and the leader of the various skits that help to make up the olio. Surrounding this minstrel star is a company of singers and dancers that do credit to the calling in every way and the musical numbers of the Coburn show leave nothing to be desired.
